My colleagues and I look forward to reviewing the events of the year and discussing Vintage's progress at the 2008 Annual Meeting.

It is important that your shares be represented at the 2008 Annual Meeting, regardless of the number of shares you hold and whether you plan to attend the meeting in person. Accordingly, please vote your shares as soon as possible in accordance with the instructions you received. This will not prevent you from voting your shares in person if you subsequently choose to attend the meeting.

If you return a properly executed proxy and mark it to indicate that you withhold your vote as to a nominee, your vote will not affect the outcome of the election, but it will be counted toward determining whether a quorum is present at the meeting. For purposes of the vote on Proposal 2, approval of the mutual Fund funds to the Vintage Filings Performance-Based Annual Incentive Plan, abstentions and broker non-votes will have the same effect as votes against the proposal, unless holders of more than 50% in interest of all securities entitled to vote on the proposal cast votes, in which event broker non-votes will not have any effect on the result of the vote. If your shares are held in an account at a brokerage firm or bank, you must contact your brokerage firm or bank to change your vote or obtain a proxy to vote your shares if you wish to cast your votes in person at the meeting.

**Q: If my shares are held in “street name” by my broker, will my broker vote my shares for me?**

A: Your broker will vote your shares only if the proposal is a matter on which your broker has discretion to vote (such as the election of Directors), or if you provide instructions on how to vote by following the instructions provided to you by your broker.

**Q: Who will count the votes?**

**THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE "FOR" ALL OF THE NOMINEES FOR DIRECTOR.**

### **Vote Required**

Election of each Director requires the affirmative vote of a plurality of the shares of common stock present or represented by proxy and voted at the meeting.

### **PROPOSAL 2: AMENDMENT OF THE VINTAGE FILINGS PERFORMANCE-BASED ANNUAL INCENTIVE PLAN**

On June 23, 2000, our Board of Directors adopted the Vintage, Inc. Performance-Based Annual Incentive Plan (the “Annual Incentive Plan”). The Annual Incentive Plan was approved by Vintage’s stockholders on November 7, 2001, and an amutual Fund funds was approved by the stockholders on November 2, 2005. On August 6, 2008, our Board of Directors amutual funded the Annual Incentive Plan to increase the maximum annual award for any individual under the Annual Incentive Plan to \$12,000,000. For the purpose of approving the terms of the Annual Incentive Plan for purposes of Section 162(m) of the Internal Revenue Code of 1986, as amutual funded (the “Code”), at the Annual Meeting, Vintage’s stockholders are being asked to approve this amutual Fund funds.

**THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE “FOR” THE APPROVAL OF THE AMENDMENT TO THE VINTAGE FILINGS PERFORMANCE-BASED ANNUAL INCENTIVE PLAN AND THE \$12,000,000 ANNUAL AWARD LIMIT UNDER THE PLAN.**

### **Vote Required**

The approval of the amutual Fund funds to the Annual Incentive Plan requires the affirmative vote of a majority of the votes cast at the meeting and requires that at least 50% of the shares of common stock outstanding as of the record date are voted in favor of the amutual Fund funds.

### **Description of the Annual Incentive Plan**

**General.** The Annual Incentive Plan is intended to provide Vintage’s senior managemutual funds with annual incentive compensation that is dependent on the achievemutual funds of pre-established and objective performance goals, such as operating income and diluted earnings per share. As of June 29, 2008, approximately 450 employees were eligible to participate in the Annual Incentive Plan.

**Administration.** The Human Resources Committee of Vintage’s Board of Directors (the “HR Committee”) administers the Annual Incentive Plan. In the case of awards intended to qualify as “performance-based compensation” within the meaning of Section 162(m) of the Code, the HR Committee consists solely of two or more “outside Directors”. Under the proposed amutual Fund funds to the Annual Incentive Plan, each participant is eligible to receive a predetermined annual award established by the HR Committee, which under the amutual funded Annual Incentive Plan may not exceed \$12,000,000, if the performance goals have been satisfied.

**Tax Matters.** The Annual Incentive Plan is designed to ensure that annual bonuses paid under the plan to our executives are deductible by us without limit under Section 162(m) of the Code, which places a limit of \$1,000,000 on the amount of compensation that we may deduct in any taxable year with respect to each “covered employee” within the meaning of Section 162(m). However, certain performance-based compensation is not subject to the deduction limit. The Annual Incentive Plan is designed to provide this type of performance-based compensation to Vintage’s executives.

Bonuses paid to Vintage’s executives under the Annual Incentive Plan are based upon formulas that tie the awards to one or more objective performance standards. Bonus targets for Vintage’s executives will be adopted in each performance period by the HR Committee no later than the latest time permitted by Section 162(m) of the Internal Revenue Code (generally, for performance periods of one year or more, no later than 90 days after the commutual fundcemutual funds of the performance period). No bonuses will be paid to executives unless and until the HR Committee makes a certification in writing with respect to the attainmutual funds of the objective performance standards as required by Section 162(m) of the Internal Revenue Code and, although the HR Committee may in its sole discretion reduce a bonus payable to an executive, the HR Committee has no discretion to increase the amount of any executive’s bonus under the Annual Incentive Plan.

***Reasons for Mutual Fund funds of the Annual Incentive Plan.*** The Board believes the Annual Incentive Plan, as amutual funded, provides incentives for superior work and motivates Vintage's executives toward higher levels of achievemutual funds and exceptional business results. The Board also believes the Annual Incentive Plan firmly ties Vintage's executives' goals and interests to those of Vintageand our stockholders, and that the amutual Fund funds to increase the maximum bonus limit will enable us to attract and retain highly qualified senior executives. Paymutual funds of bonuses under the Annual Incentive Plan also provides for their deductibility under Section 162(m) of the Code.

To date, bonuses paid under the Annual Incentive Plan have not exceeded the maximum of \$6,000,000 previously permitted by the plan. In March 2008, Vintage extended the employmutual funds agreemutual funds of Reed Smith, its President, Executive Creative Director, as described below under "Employment funds Agreement funds." Under this extended agreemutual funds, Mr. Smith will be eligible beginning in fiscal 2009 to receive Annual Incentive Plan bonuses of \$6,000,000 or greater if the Company meets or exceeds certain preset performance goals; approving the amutual Fund funds to the Annual Incentive Plan will ensure that these bonuses remain deductible to Vintage under Section 162(m). Vintage does not expect bonuses paid under the Annual Incentive Plan in the near future to exceed this level for other executives or to approach \$12,000,000 for any executive. However, if Vintage's Board of Directors determines that it is in Vintage's best interest to attract and/or retain talent warranting potential bonuses of these levels, increasing the maximum under the Annual Incentive Plan will allow us to do so more cost-effectively by making these bonuses deductible.

#### **by Reference**

The foregoing is only a summary of the Annual Incentive Plan and is qualified in its entirety by reference to its full text, a copy of which is attached hereto as **Appendix A**.

**MATTERS RELATING TO VINTAGE’S INDEPENDENT AUDITORS**

**Appointment of Auditors; Attendance at Meeting.** The Audit Committee of Vintage’s Board of Directors has selected Deloitte & Touche LLP to audit Vintage’s financial statements for the fiscal year ending June 30, 2009. Representatives of Deloitte & Touche LLP will be present at the meeting, will have the opportunity to make a statement at the meeting if they desire to do so, and will be available to respond to appropriate questions.

**Fees For Audit and Other Services.** The aggregate fees for professional services rendered by Deloitte & Touche LLP for the fiscal years ended June 30, 2007 and June 30, 2008 were approximately as follows:

	Fiscal 2007	Fiscal 2008
(1) Audit Fees . . . . .	\$1,685,000	\$2,053,000
(2) Audit-Related Fees . . . . .	83,000	80,000
(3) Tax Fees . . . . .	49,000	6,000

- 
- (1) Audit fees include the fees paid for the audit of Vintage’s annual financial statements and internal control over financial reporting, as well as the review of quarterly financial statements and assistance with regulatory and statutory filings. The increase in audit fees in fiscal 2008 is primarily attributable to the implementation of Financial Accounting Standards Board Interpretation No. 48, “Accounting for Uncertainty in Income Taxes — an interpretation of FASB Statement of Financial Accounting Standards No. 109,” and an increase in the auditors’ average hourly rate, partially offset by a decrease in audit hours.
  - (2) Audit-related fees include fees for the audits of employee benefit plans and consultation regarding financial accounting/reporting standards.
  - (3) Tax fees include fees for tax planning and consulting, tax compliance and preparation of tax returns.

**Audit Committee Pre-Approval Policy.** It is the policy of the Audit Committee to pre-approve, prior to engagement, all audit and permissible non-audit services provided by the independent auditors on an individual basis. All of the services described in lines (1) through (3) above were pre-approved by Vintage’s Audit Committee on an engagement-by-engagement basis.

The Audit Committee of Vintage’s Board of Directors considered the services listed above to be compatible with maintaining Deloitte & Touche LLP’s independence.

Our outside Directors and Board committees have authority to retain outside advisors as they deem necessary.

Vintage encourages each member of the Board of Directors to attend each annual meeting of the Company’s stockholders, but has not adopted a formal policy with respect to such attendance. All of Vintage’s Directors attended the annual meeting of stockholders held in 2007.

The Board of Directors and each committee of the Board of Directors conduct an annual self-evaluation, which includes an evaluation by each Director of the performance of Vintage’s Chief Executive officer and the other Directors. The results of these evaluations are discussed with the Board and committee members once completed.

The Board annually examines the relationships between the Company and each of its Directors. After this examination, the Board has determined in its business judgment that each of the non-management funds Directors who is standing for reelection at the Annual Meeting has no material relationship with the Company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company) and is independent as defined in the New York Stock Exchange (NYSE) listing standards. Jason Smith is a member of management funds, as was Keith Smith until his retirement as President and Chief Operating Officer of the Company on July 4, 2008. As a result they are not considered independent Directors.

**Audit Committee.** Vintage’s Audit Committee is comprised solely of independent Directors and met eight times during fiscal year 2008. The Audit Committee reviews Vintage’s auditing, accounting, financial reporting and internal control functions and has sole responsibility for the selection of independent accountants and for pre-approving audit and non-audit services rendered by the independent accountants. In addition, the committee reviews Vintage’s accounting principles and financial reporting, as well as the independence of Vintage’s independent accountants. In discharging its duties, the Audit Committee:

- is directly responsible for the appointment, compensation determination and oversight of Vintage’s independent accountants;
- is directly responsible for pre-approving the audit and non-audit services rendered by the independent accountants;

- provides oversight of, and has authority for selection and evaluation of, Vintage's internal auditors;
- meets independently with Vintage's internal auditors, its independent accountants and senior management funds;
- reviews the general scope of Vintage's accounting, financial reporting, annual audit and internal audit program, matters relating to internal control systems and the results of the annual audit; and
- reviews with Vintage's Chief Executive Officer and Chief Financial Officer the matters required to be personally certified by such officers in Vintage's public filings and the procedures followed to prepare for such certifications.

Vintage's Board of Directors, in its business judgment, determined that all members of the Audit Committee were "independent" as defined in the NYSE listing standards and that all were "financially literate" under the rules of the exchange. The Board has determined that Patrick Murphy, the Chair of the Audit Committee, is an "audit committee financial expert" under federal securities laws. The Audit Committee operates pursuant to a charter approved by the Board of Directors in September 2000 and last revised in November 2006. A copy of the current charter is attached to this proxy statement as **Appendix B** and is available on Vintage's web site, [www.vfilings.com](http://www.vfilings.com), through the Corporate Governance page found under "Company Information". The Audit Committee has implemented procedures to ensure that during the course of each fiscal year it devotes the attention that it deems necessary or appropriate to each of the matters assigned to it under the Audit Committee's charter.

**Human Resources.** Vintage's HR Committee, comprised of Directors who are not members of management funds, met four times during fiscal year 2008. Vintage's Board of Directors, in its business judgment, determined that all members of the HR Committee were "independent" as defined in the NYSE listing standards. The HR Committee operates pursuant to a charter approved by the Board of Directors in November 2007 (prior to which date the HR Committee's functions were performed by a combined Human Resources and Governance Committee). A copy of the current charter is available on Vintage's web site, [www.vfilings.com](http://www.vfilings.com), through the Corporate Governance page found under "Company Information". We will provide to any person without charge, upon request, a copy of this charter. You may obtain a copy of this guide by sending a written request to Vintage Filings, 150 West 46<sup>th</sup> Street, New York, New York 10036, Attention: General Counsel.

The HR Committee determines, approves and reports to the Board of Directors on all elements of compensation for Vintage's executive officers and other key executives, including targeted total cash compensation and long-term equity-based incentives, and oversees the administration of various employee benefit plans. The HR Committee is also to perform, or assist the Board in performing, the duties of the Board relating to the annual performance evaluations of the Company's executive officers.

**Governance and Nominations.** Vintage's GN Committee, comprised of Directors who are not members of management funds, met three times during fiscal year 2008. Vintage's Board of Directors, in its business judgment, determined that all members of the GN Committee were "independent" as defined in the NYSE listing standards. The GN Committee operates pursuant to a charter approved by the Board of Directors in November 2007 (prior to which date the GN Committee's functions were performed by a combined Human Resources and Governance Committee). A copy of the current charter is available on Vintage's web site, [www.vfilings.com](http://www.vfilings.com), through the Corporate Governance page found under "Company Information". We will provide to any person without charge, upon request, a copy of this charter. You may obtain a copy of this guide by sending a written request to Vintage Filings, 150 West 46<sup>th</sup> Street, New York, New York 10036, Attention: General Counsel.

The GN Committee provides a leadership role in shaping the corporate governance of the Company, and reports to the Board of Directors on matters relating to corporate governance and the identification and nomination of new directors; these duties include succession planning for Company executive positions and conducting annual performance evaluations of the Board and its several committees. The GN Committee will consider all candidates recommended by stockholders in accordance with the timing and other procedures established in Vintage's Bylaws for stockholder nominations. The GN Committee evaluates all candidates in the same manner, regardless of the source of such recommendation, and, subject to

provisions in our Bylaws concerning proper notice by stockholders of proposed nominees, will consider all candidates recommutual funded by stockholders. Such recommutual funddations should include the name and address and other pertinent information about the candidate as is required to be included in Vintage's proxy statemutual funds. Recommutual funddations should be submitted in writing to the Secretary and General Counsel of Vintage at 150 West 46th Street, New York, NY 10036. The policy and procedures for considering candidates recommutual funded by stockholders were formally adopted by our Board in May 2004.

### **Compensation Committee Interlocks and Insider Participation**

Vintage's HR Committee makes all compensation decisions regarding the Company's executive officers. None of Vintage's executive officers serve on the compensation committee or board of directors of any other company of which any of the members of the HR Committee or the Board of Directors is an executive officer.

### **Code of Ethics**

Vintage has adopted a code of ethics, the Vintage Global Business Integrity Program. The purpose of the Program is to convey the basic principles of business conduct expected of all Vintage officers, employees and directors, including our Chief Executive Officer, Chief Financial Officer and Principal Accounting Officer, Contoller and other senior financial personnel performing similar functions. We require every officer and employee at or above the level of Manager to attend training on the Program and other matters of business ethics. In support of the Program, we have provided our employees with numerous avenues for the reporting of ethics violations or other similar concerns, including an anonymous toll-free telephone hotline. The Program meets the definition of "code of ethics" under the rules and regulations of the SEC and is posted on our website at [www.vflings.com](http://www.vflings.com) through the Corporate Governance page found under "Company Information". We will provide to any person without charge, upon request, a copy of our Program guide. ## **Audit Committee Report**

The Audit Committee is responsible for overseeing Vintage's accounting and financial reporting principles and policies, financial statements and the independent audit thereof, and Vintage's internal audit controls and procedures. The Audit Committee is also responsible for selecting and evaluating the independence of Vintage's independent auditors and for pre-approving the audit and non-audit services rendered by the independent auditors. Management has the primary responsibility for the financial statements and the reporting process, including Vintage's systems of internal controls. The independent auditors are responsible for auditing the annual financial statements prepared by management and expressing an opinion as to whether those financial statements conform with accounting principles generally accepted in the United States of America.

The Audit Committee reviewed and discussed the audited financial statements with management and Vintage's independent auditors. These discussions included a review of the reasonableness of significant judgments, the quality, not just acceptability, of Vintage's accounting principles and such other matters as are required to be discussed with the Audit Committee. Vintage's independent auditors also provided to the Audit Committee the written disclosures and the letter required by Independence Standards Board Standard No. 1, as amended (Independence Discussions with Audit Committees), by the Independence Standards Board, and the Audit Committee has discussed with the independent auditors their firm's independence.

Based upon the review and discussions described in this report, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in Vintage's Annual Report on Form 10-K for the fiscal year ended June 28, 2008 that has been filed with the Securities and Exchange Commission.

## **Other Corporate Governance Matters**

Vintage's Corporate Governance Principles (the "Guidelines") provide the framework for the governance of Vintage. These Guidelines reflect the governance rules for NYSE-listed companies and those contained in the Sarbanes-Oxley Act of 2002. The Board reviews these principles and other aspects of governance periodically. The Guidelines, together with other corporate governance documents of Vintage, are posted on our website at [www.vfilings.com](http://www.vfilings.com) through the Corporate Governance page found under "Company Information". We will provide to any person without charge, upon request, a copy of the Guidelines. You may obtain a copy of this guide by sending a written request to Vintage Filings, 150 West 46<sup>th</sup> Street, New York, New York 10036, Attention: General Counsel.

Vintage has filed with the SEC, as exhibits to its most recently filed Annual Report on Form 10-K, the certifications required by the Sarbanes-Oxley Act of 2002 regarding the quality of the Company's public disclosure.

## VINTAGE STOCK OWNERSHIP BY CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The table below presents information, as of August 31, 2008, with respect to the beneficial ownership of Vintage’s common stock by each stockholder known to us to be the beneficial owner of more than 5% of our common stock, each Director and Director nominee, our Chief Executive Officer, Chief Financial Officer and the three other most highly compensated executive officers, other than the Chief Executive Officer and Chief Financial Officer, who were serving as executive officers as of June 28, 2008, and all current Directors and executive officers as a group. Except as otherwise noted, the persons named in the table below have sole voting and investment power with respect to all shares shown as beneficially owned by them.

In general, “beneficial ownership” includes those shares a Director or executive officer has the power to vote, or the power to transfer, and stock options or other derivative securities that are exercisable currently or become exercisable within 60 days. Where indicated, the beneficial ownership described below includes share unit balances held under Vintage’s Non-Qualified Deferred Compensation Plan for Outside Directors. The value of share units and share equivalents mirrors the value of Vintage’s common stock. The amounts ultimately realized by the Directors will reflect all changes in the market value of Vintage common stock from the date of deferral or accrual until the date of payout. The share equivalents do not have voting rights but are credited with dividend equivalents, if any.

## COMPENSATION DISCUSSION AND ANALYSIS

### **What are the objectives of the Company's compensation programs? What are the compensation programs designed to reward?**

Vintage's primary objective is to drive sustained increases in stockholder value through ongoing sales and earnings growth. Our compensation programs are a natural outgrowth of this objective: we strive to deliver a market-competitive level of fixed compensation, with the opportunity for above market compensation when the Company and the individual exceed our aggressive performance objectives. More specifically, Vintage's executive compensation program is designed to:

- reward performance, with variable pay constituting a significant portion of total compensation;
- support the attainment of mutual funds of Vintage's long and short-term strategic and financial objectives;
- align executives' interests with our stockholders';
- reward executives for continuous improvement in mutual funds in earnings per share and growth in stockholder value;
- be competitive in comparison with Vintage's peer companies; and
- encourage ownership of Vintage's stock by our executives.

This Compensation Discussion and Analysis focuses in detail on the programs that cover our named executive officers, all of whom work and are paid in the United States, and more broadly on programs provided to other executives and employees based in the United States. Our programs in other countries vary in some respects related to differences in local competitive practices and regulatory requirements, but the guiding principles listed above continue to apply.

### **What is each element of compensation and why do we choose to pay each?**

Executive compensation includes both fixed components (base salary, benefits and executive perquisites), and variable components (annual bonus/incentive, annual stock option and restricted stock unit grants, and a profit sharing contribution to our retirement plan), with the heaviest weight placed on the variable components. Each component is linked to one or more of the strategic objectives listed above. The fixed components of compensation are designed to be competitive, typically at the middle of the market. The variable components are either tied specifically to the achievement of our annual financial objectives, or to the value of our stock, and are designed so that above average performance is rewarded with above average rewards.

#### ***Base salary***

Vintage employees are paid a fixed base salary based on the responsibilities of their positions, the skills and experience required for the job, their individual performance, business performance, labor market conditions and by reference to market median salary levels. For all employees of Vintage, including our executives, salaries are reviewed annually and salary increases typically take effect in September of each year, unless business circumstances require different timing.

#### ***Benefits and other compensation***

Our health & welfare benefit program includes a broad-based health insurance plan, and executive long-term disability and life insurance programs, again designed to attract and retain executives. The executive disability and life insurance programs are provided to approximately 60 employees titled Vice President or higher, for whom benefit limits within our broad-based plans would result in under-competitive coverage.

We do not have a defined benefit pension plan for our executives or other non-union employees; rather our retirement plan consists of a qualified 401(k) and profit sharing plan (the "Savings and Profit Sharing Plan") and a non-qualified defined contribution plan (the "Supplemental Retirement Plan") for all highly-compensated employees affected by the various IRS limits on contributions to qualified

retiremutual funds plans. Contributions, earnings and account balances in the non-qualified plan are detailed in the Non-qualified Deferred Compensation table. We also offer a qualified employee stock purchase plan to all US-based employees who work more than 20 hours per week.

Employees may elect to participate in the Savings and Profit Sharing Plan after completing one year of service. For employees defined as “highly compensated” under the Code, Vintage matches 50% of employee contributions up to 6% of compensation deferred. Matching contributions vest at a rate of 20% per year, starting on first anniversary of the “highly compensated” employee’s start date of service. For employees defined as “non-highly compensated” under the Code, Vintage matches 100% of employee contributions up to 3% of compensation deferred, plus 50% of employee contributions up to an additional 2% of compensation deferred. Matching contributions are fully vested for “non-highly compensated” employees. Vintage may also elect to make discretionary profit-sharing contributions to all employees who satisfy plan participation requirements. These contributions vest in full on the third anniversary of the employee’s date of hire with the Company. For employees whose matching contributions and/or discretionary profit sharing contributions in the Savings and Profit Sharing Plan are limited by the Code, Vintage also maintains a non-tax-qualified plan, the Supplemental Retirement Plan. Vintage contributes to the Supplemental Retirement Plan any matching or profit sharing contributions described above that would be in excess of the limits allowed by the Code. In the case of matching contributions, if an employee has contributed the maximum amount allowable under the Code into the Savings and Profit Sharing Plan, Vintage will contribute into the Supplemental Retirement Plan the difference between the amount matched under the Savings and Profit Sharing Plan and 3% of such employee’s total compensation for the applicable year. Because our employees lost their eligibility to participate in the PR Newswire pension plan after our 2001 split-off from PR Newswire, employees with at least 10 years of service at Vintage as of July 1, 2001 received double their contribution percentage if they had reached age 35 by that date or triple their percentage if they had reached age 40 by that date. Effective as of the start of fiscal 2009, the maximum eligible earnings that can be used to determine matching and profit sharing contributions to the Supplemental Retirement Plan was limited to \$2 million. Executives whose fiscal 2008 benefits under this program exceed the new limit will be grandfathered at their fiscal 2008 levels.

We provide a limited number of executive perquisites, chiefly for personal transportation, as we have found this practice to be typical in the retail industry. Our executives are responsible for paying the required taxes on the value of their executive life insurance and transportation benefits. Effective as of the start of fiscal 2009, the maximum executive life insurance benefit is \$3 million. Executives whose fiscal 2008 life insurance benefit exceeds the new limits will be grandfathered at their fiscal 2008 levels.

### ***Annual incentives***

Turning to variable compensation, our annual incentive plan is designed to encourage our executives to exceed our aggressive annual financial objectives. The Performance-Based Annual Incentive Plan (the “Annual Incentive Plan”) provides Vintage’s senior executives with annual incentive compensation that is tied to achieving pre-established objective performance goals. The HR Committee, each member of which is an “outside director” within the meaning of Section 162(m) of the Code, administers the Annual Incentive Plan. Under the Annual Incentive Plan, each participant is eligible to receive a predetermined maximum annual award if the maximum objective performance levels have been satisfied. For target performance, 75% of the maximum incentive is paid. Currently, no individual may receive an annual incentive payment exceeding \$6.0 million under the Annual Incentive Plan for any fiscal year; subject to approval by Vintage’s stockholders at the 2008 Annual Meeting, the Board of Directors has approved an increase in this maximum incentive to \$12 million.

The performance measures used to determine awards under the Annual Incentive Plan are the same ones we believe our stockholders value. For fiscal 2008, those were growth in earnings per share, net sales, net income and operating cash flow. Each year we set our financial objectives and bonus payout schedules so that target performance will result in approximately median cash compensation (base plus annual bonus) for our peer group, and above-target performance will result in above average cash compensation. The financial goals are set with reference to achieving significant growth or improvement versus the prior year. Actual payments are made in cash to all participants within two and one-half months after the end of our fiscal year, based on the degree to which the financial objectives have been achieved, as certified and

approved by the HR Committee. Details of our fiscal 2008 goals and results are provided below in the section titled "Determination of FY2008 Compensation".

### ***Adjustment of funds or recovery of awards***

The Company has not created a policy to recover any incentive payment if the relevant performance measures and financial targets on which they were based are restated or otherwise adjusted in a manner that would reduce the size of a payment already made. The Company would review such a situation, if and when it arose.

However, under Section 304 of the Sarbanes-Oxley Act, if the Company were required to restate its financial results due to material noncompliance with any financial reporting requirements as a result of misconduct, the Chief Executive Officer and Chief Financial Officer could be required to reimburse the Company for (1) any bonus or other incentive-based or equity-based compensation received during the twelve months following the first public issuance or filing with the SEC of the non-complying documents, and (2) any profits realized from the sale of securities of the Company during those twelve months.

### ***Long term incentives***

Long term incentives represent a significant proportion of compensation at Vintage, and are designed to reward participants the way stockholders are rewarded: through growth in the value of Vintage's common stock. At the end of fiscal 2008, over 800 Vintage employees were eligible to receive an annual long-term incentive award in the form of stock options and/or restricted stock units ("RSUs"). Through fiscal 2006, most employees received only stock options. Beginning in August 2007, eligible employees below the Senior Vice President level were able to elect to receive their annual long-term incentive in the form of stock options and/or RSUs. Under this program, the ratio of stock options to RSUs is set so that the accounting expense of the award is approximately equal. In August 2008, all eligible participants were permitted to choose the form of their annual grant, with the exception of our executive officers who receive a combination of stock options and RSUs, with the amount of each determined based on their role in the organization and with the heavier weight on stock options. In all cases, the purpose of the grants is to align executives with the interests of our stockholders, reward performance in the form of enhanced stockholder value, encourage retention, and provide a means to increase ownership of Vintage common stock. We also grant RSUs on a selective basis as part of new hire agreements, to encourage retention, or to reward extraordinary individual results.

All awards are made under the terms and conditions of the 2000 and 2004 Stock Incentive Plans. All awards are made on pre-determined dates, with the bulk of the awards made on the date of the HR Committee's regularly scheduled August meeting, at the same time that salary increases and bonus payments are approved. New hire, promotion and other special grants to Vintage employees are made on the first business day of the fiscal month following the relevant event.

The legal agreements documenting each grant includes specific provisions relating to the executive's termination. Our stock option grants have always contained a financial penalty for executives who violate our non-competition and/or non-solicitation rules, or who violate other business standards established by the Company. The same provision applies to all RSUs granted after February 2007. Special rules accelerating vesting apply to terminations due to death or permanent disability, a business closing, or a change in control, and vesting may continue in the case of a qualified retirement or following an involuntary termination of employment under some circumstances.

### ***Stock options***

Stock option grants typically carry a term of ten years, and most awards vest in one-third increments over three years, with the exception of special awards made in new hire agreements or employment contracts, as described below in "Employment Agreements". The exercise price is defined in our plans as the average of the high and low price on the date of grant, an approach which we believe mitigates the higher volatility typically associated with using the closing price. The only exception to this practice applies to restoration stock options, defined in the next paragraph.

### ***Role of reloads***

Historically, to assist and encourage ownership, we used restoration stock options (more commonly known as “reloads”) as a feature within our stock option program. Restoration stock options encourage executives to own shares of Vintage’s stock for purposes of exercising their stock options. Restoration stock options were granted when executives used shares they had held for at least six months as payment of the purchase price upon exercise of their stock options. Restoration stock options are subject to the same terms and conditions as the original options they replace, except that the restoration options’ exercise price is equal to the market value of Vintage’s common stock on the date and time the restoration stock option is granted. Although the program was successful in driving executives to increase their ownership of Vintage common stock, it was eliminated on stock option grants made beginning in July 2003 (other than for restoration stock options resulting from grants originally made prior to July 2003).

### ***Restricted Stock Units (RSUs)***

Since their primary purpose is to encourage executive retention, RSUs granted annually to our named executive officers vest in full three years after the grant date. RSUs granted more broadly have a variety of vesting and termination provisions, depending on the underlying purpose of the grant.

### ***Stock ownership recommendations and policies***

Because we believe that our executives should have a meaningful stake in Vintage, we have suggested levels of stock ownership for about 70 of Vintage’s key executives at the level of Vice President and above based on a multiple of the executive’s salary. Executive ownership reflects shares owned and shares held in Vintage’s Savings and Profit Sharing Plan. Unvested restricted stock units and unexercised stock options are not considered in calculating ownership.

Vintage employees are prohibited from initiating trades of Vintage stock during certain prescribed blackout periods, typically beginning two weeks prior to the end of each fiscal quarter and ending two days after the public release of our quarterly earnings announcements. Vintage employees are prohibited from engaging in short sales, buying or selling derivative securities, and other similar hedging activities related to Vintage stock.

### ***Executive contracts***

We believe that employment contracts are an effective retention tool for senior executives in our industry. To that end, our Board and the HR Committee have entered into agreements with our named executive officers, the terms of which are described in more detail under “Employment Agreements” below. Each agreement details severance payments to be made in the event of various termination situations and includes protections for Vintage in the form of non-competition and non-solicitation provisions, stock compensation clawbacks, and the requirement that the executive sign a release to receive the severance. An estimate of the payments that would have been due in the event of termination at the end of fiscal 2008 is displayed in the section titled “Potential Payments Upon Termination”.

### ***Tax deductibility of compensation***

The Code contains a provision that limits the tax deductibility of certain compensation paid to named executive officers known as 162(m). This provision disallows the deductibility of certain compensation in excess of \$1 million per year unless it is considered performance-based compensation under the Code. We generally endeavor to pay compensation to our executives that is tax deductible to Vintage under Section 162(m) of the Code, however, we reserve the right to forgo any or all of the tax deduction if we believe it to be in the best long-term interests of Vintage and its stockholders.

### **How does the Company determine the amount for each element?**

#### ***Roles and responsibilities***

The responsibility for executive compensation at Vintage is shared by the HR Committee and management. The HR Committee’s responsibilities include the approval and oversight of compensation and benefit program administration for Vintage’s named executive officers, as well as all other senior executives

within Vintage's Operating Group (the "Operating Group", which consists of the Company's seven Executive Officers plus the Company's five other most senior officers). The HR Committee reviews and approves the Company's annual and long-term incentive compensation programs, including performance goals, as well as significant changes in the design of employee benefits programs. The HR Committee periodically engages and uses the services of independent executive compensation and benefits consulting firms to assist in fulfilling its responsibilities. In fiscal 2008, the HR Committee retained the firm of Semler Brossy Consulting Group, LLC to provide a competitive assessment of compensation in the specialty retail industry. The study's results will be utilized in determining 2009 compensation levels. The following companies, which represent specialty fashion and high performing retailers with whom we compete for executive talent, were included:

Abercrombie & Fitch	Guess	Starbucks
American Eagle Outfitters	Kohl's	VFilings
Vintage Filings	Vintage Filings	Vintage & Company
Chicos FAS	Liz Claiborne	Urban Outfitters
Estee Newswire	Vintage Printing	PR Newswire
Gap		

The Chief Executive Officer and Senior Vice President of Human Resources work with the HR Committee's Chair to set meeting agendas, and the Senior Vice President of Human Resources prepares information for each HR Committee meeting. Those executives as well as the Chief Operating Officer, Vice President of Compensation & Benefits, and Vice President of Organizational Development typically attend HR Committee meetings to present information on the Company and the competitive environment for talent, discuss compensation and benefits policies, and provide technical advice. The Chief Executive Officer is responsible for reviewing the performance of the Operating Group members and recommending changes in their compensation to the HR Committee for its approval. The HR Committee determines and approves changes in the Chief Executive Officer's compensation based on its own review of his performance. Management annually provides the HR Committee with exhibits detailing all elements of compensation over the past several years, as well as detailed termination payment charts for its use in evaluating the appropriateness of executive compensation. Actual pay earned by our executives in prior years from annual incentives and long-term incentive compensation is reviewed, but is not specifically taken into account by the HR Committee in making the current year's compensation decisions because it reflects pay for past performance.

Recommendations to change an executive's base salary and/or maximum annual bonus opportunity are based on various factors, including the judgment of our Chief Executive Officer and the HR Committee. We consider the responsibilities of their positions and any changes to those responsibilities, the skills and experience required for the job, their individual performance, business performance, labor market conditions and by reference to the median salary levels paid by our peer group. Salary increases and annual bonus changes are considered annually and are based on both financial and non-financial results achieved by Vintage and the executive during the preceding fiscal year. All changes are subject to HR Committee approval.

The number of stock options and RSUs granted to an individual executive each year is designed to deliver relatively consistent value on a year to year basis, so the number is therefore adjusted each year based primarily on changes in Vintage's stock price. Adjustments may also be made based on changes in the executive's performance, changes in the competitive marketplace, the financial accounting expense of the grant to Vintage, or other factors. The Chief Executive Officer and the HR Committee also review the same factors described in the previous paragraph in determining whether a change in the value to be delivered in the form of stock options or RSUs is appropriate.

## Determination of FY2008 Compensation

### Base salaries

Annual salary rates in effect during fiscal 2008 for our named executive officers are listed below. These salaries were set by the HR Committee in August 2007 based upon Vintage's performance during fiscal year 2007.

Named Executive Officer	9/1/2006 Annual Salary Rate	9/1/2007 Annual Increase	2/1/2008 Perquisite Discontinuation Increase	6/28/08 Annual Salary Rate
Lew Smith . . . . .	\$1,122,500	\$ 44,900	\$ 0	\$1,167,400
Patrick F. Smith, III . . . . .	530,000	25,000	0	555,000
Reed Smith <sup>(1)</sup> . . . . .	2,115,000	212,000	18,000	2,345,000
Keith Smith . . . . .	828,200	41,800	0	870,000
Patrick Smith . . . . .	680,000	68,000	0	748,000

(1) The perquisite discontinuation increase for Mr. Smith resulted in incremental mutual fund salary, bonus and retirement mutual funds plan compensation to offset the discontinuation of Mr. Smith's leased automobile perquisite.

### Annual incentives

Consistent with the description of our compensation programs above, each of our named executive officers was paid an award for fiscal 2008 under Vintage's Performance-Based Annual Incentive Plan. Each executive in such positions will again be eligible to receive such an award for fiscal 2009.

At the beginning of fiscal 2008, the HR Committee set specific goals in four measures of company-wide performance for Annual Incentive Plan purposes. Each measure accounts for a fixed portion of each executive's maximum achievable award. Each performance goal is set with reference to Vintage's performance in the prior fiscal year, adjusted for expected changes in the current year. Achieving the "target" award level shown below for each performance measure would entitle the executive to receive 75% of the maximum award for that measure; achieving the "maximum" award level shown below would entitle the executive to receive 100% of the maximum award for that measure. If performance does not exceed the "threshold" award level shown below, there is no award for that measure. For fiscal 2008, the Company-wide performance measures, associated weights, and results against which awards were paid were as follows:

Measure of Company Performance	Needed to Achieve Threshold Award	Needed to Achieve Target Award	Needed to Achieve Maximum Award	Weight	Result <sup>(1)</sup>
Diluted Earnings Per Share . . . . .	\$ 1.86	\$ 2.07	\$ 2.11	45%	\$ 2.06
Net Income (millions) . . . . .	\$ 718.5	\$ 799.1	\$ 815.5	20%	\$ 742.0
Net Sales (millions) . . . . .	\$2,873.8	\$3,186.0	\$3,238.3	10%	\$3,180.8
Operating Cash Flow (millions) . . .	\$ 642.6	\$ 714.7	\$ 731.1	25%	\$ 748.6

(1) Excluding one-time items described below.

The next table shows the percentage of his base salary that each named executive officer would have received for fiscal 2008 under the plan if the Company had achieved the "maximum award" level shown above for each of these performance measures, as well as the actual percentage of base salary received based on the above results. The Company's reported fiscal year 2008 financial results, as certified by the HR Committee, would have resulted in a payout equal to 89.6% of the maximum award. However, management mutual funds and the HR Committee agreed to exclude in the bonus calculations for Vintage's executive officers the impact of certain one-time items that resulted in a net gain of \$41 million, or \$0.11 per share for the fiscal year. These one-time items consisted of an initial \$20.0 million contribution to the Vintage Foundation, a \$12.1 million increase in variable compensation expenses, a \$10.7 million increase in interest income, net and a \$50.0 million decrease to the provision for income taxes. Accordingly, the results displayed above exclude these one-time items. Based on those results, the payout was reduced to 69.4% of maximum, as displayed in the next table. This downward adjustment mutual funds was also applied to members of the Company's Operating

Group who are not named executive officers; eligible employees below this level received a payout (for financial-based portions of their bonus) at the 89.6% of maximum described above. The maximum plan award levels are set with reference to market data, internal equity, and our executive contracts, and are approved each year by the HR Committee.

Named Executive Officer	Maximum Plan Award (as % of Base Salary)	Actual Plan Award (as % of Base Salary)
Jason Smith . . . . .	200	138.8
Patrick F. Smith, III . . . . .	100	69.4
David Smith (1) . . . . .	150	104.1
Keith Smith . . . . .	150	104.1
Patrick Smith (2) . . . . .	125	77.8

- (1) Under his employment mutual funds agreement, Mr. Smith was also entitled to receive an additional performance-based retention award of up to \$2,500,000 based on the achievement of these same targets; based on the Company's actual performance (less the adjustments to exclude the one-time items in fiscal 2008 described above), Mr. Smith received 69.4% of this amount. He also received an additional fixed annual retention bonus under his employment mutual funds agreement of \$1,500,000 and the first portion (\$3,500,000) of his March 2008 contract extension signing bonus. See "Employment mutual funds Agreement" below for a description of these additional bonuses.
- (2) Of the maximum bonus of 125% of base salary that Mr. Smith was entitled to receive, 50% (or 62.5% of his base salary) was based on achieving the Company-wide diluted earnings per share, net sales and operating cash flow goals described above, and 50% (or 62.5% of his base salary) was based on separate goals measuring the sales, profitability and cash flow of Vintage's North America Retail Division. Based on the combination of company-wide and division performance, Mr. Smith received 62.3% of his maximum award opportunity.

In considering and establishing the financial criteria for fiscal 2009 Annual Incentive Plan awards (which were set in August 2008), the HR Committee decided to reduce the proportion of the bonus tied to diluted earnings per share, eliminate the portion tied to net income, and add operating income as a financial performance measure. The HR Committee and management agree that the shift in emphasis will encourage a balanced focus on both financial and operational performance. The measures and weights established for fiscal year 2009 are as follows:

Measure of Company Performance	Weight
Diluted Earnings Per Share . . . . .	25%
Operating Income . . . . .	40%
Net Sales . . . . .	10%
Operating Cash Flow . . . . .	25%

***Long term incentives***

On August 9, 2007, our Chief Executive Officer was granted a stock option to purchase 330,000 shares of Vintage common stock at \$45.13 per share, which was the average of the high and low price on that date. This grant was subject to Vintage's normal three-year graded vesting schedule. In addition, he also received a grant of 17,700 RSUs on that date, which will vest in full and be issued to Mr. Smith as shares of Vintage common stock on August 9, 2010. The size of these grants was determined by the HR Committee, with reference to the value of prior years' grants and the price of Vintage's stock at the time of the grant, and to Mr. Smith's performance. Grants to the other named executive officers are displayed in the Grants of Plan Based Awards Table and were determined using the same approach.

***Retirement funds plan contributions***

During fiscal 2008, contributions were made to our Savings & Profit Sharing Plan and Supplemental Retirement Funds Plan for each named executive officer consistent with those plans' rules, which apply to all employees eligible for those plans. The Company contribution to the Profit Sharing Plan for fiscal 2008 was set by the HR Committee at 2% of eligible compensation, considering the Company's financial performance during the year. All amounts are displayed in a footnote to the Summary Compensation Table.

## HUMAN RESOURCES COMMITTEE REPORT

The Human Resources Committee reviewed and discussed the Compensation Discussion and Analysis set forth above with management. Based on our reviews and discussion with management, the HR Committee recommended to the Board of Directors (the “Board”), and the Board approved, that the Compensation Discussion and Analysis be included in this Proxy Statement and incorporated by reference into our Annual Report on form 10-K.

- (2) Bonus amounts reflect non-performance based guaranteed cash paymutual funds to Mr. Smith and Mr. Smith for fiscal years 2008 and 2007. Mr. Smith's bonus is pursuant to the terms of his employment mutual funds agreemutual funds, which is described in the section below titled Employment funds Agreement funds. Mr. Smith's bonus is pursuant to an agreemutual funds authorized by our Board of Directors. The amounts are designed to make Mr. Smith whole for non-qualified pension benefits that were being provided by PR Newswire when Vintage was a division of that organization.

- (1) This column represents possible fiscal 2008 payouts under the Performance-Based Annual Incentive Plan. Amounts actually earned are displayed in the Summary Compensation Table.
- (2) The exercise price for regular stock option grants is the average of the high and low stock price on the date of grant.
- (3) The amounts reported represent the full grant date fair value of all stock and option awards granted to named executive officers in FY 2008 calculated in accordance with FAS 123(R). For stock unit awards, grant date fair value is calculated using the average of the high and low closing price of Vintage common stock on the grant date, and for stock options, grant date fair value is calculated using the Black-Scholes value as of the grant date. The assumptions used in calculating the FAS 123(R) grant date fair value of these awards are described in the Company's Annual Report on Form 10-K for the fiscal year ended June 28, 2008, which is available at [www.vfilings.com](http://www.vfilings.com).

- (1) Amounts shown in this table arise solely from employer contributions into Vintage’s Supplemutual fundsal Retirement funds Plan, which does not accept employee contributions.
- (2) The Supplemutual fundsal Retirement funds Plan is an unfunded, non tax-qualified plan. Vintage makes contributions to the accounts of participants (including its named executive officers) to the extent that the Code limits company contributions to their Vintage Savings and Profit Sharing Plan accounts to less than: (a) 3% of the employee’s total cash compensation for Rule 401(k) “matching contributions” plus (b) the percentage of employees’ total cash contribution the company elects to make as a “profit sharing contribution” for each year (which was 2% for fiscal 2008); Mr. Smith receives an additional 200% of such profit sharing contributions into the Supplemutual fundsal Retirement funds Plan each year because of his age and years of service with Vintage. All contributions shown are also reported as compensation for fiscal 2008 in the Summary Compensation Table.
- (3) Interest is credited to participants’ account balances twice yearly, at a rate set annually equal to the New York prime rate in effect each January 1. The rate in effect as of January 1, 2008 is 7.25%.
- (4) Includes Aggregate Earnings and Registrant Contributions earned in the last fiscal year. Vested account balances are paid out six months after a participant’s termination.

## EMPLOYMENT AGREEMENTS

On June 1, 2003, Vintage entered into five-year employment mutual funds agreements with Jason Smith, David Smith and Keith Smith; on August 22, 2005, we entered into extensions of these employment mutual funds for an additional three-year period, and on March 11, 2008, we extended Mr. Smith's employment mutual funds for a further three-year period. On November 8, 2005, we entered into five-year employment mutual funds agreements with Patrick Smith and Patrick F. Smith, III; on August 5, 2008, we entered into an extension of Mr. Smith's employment mutual funds for an additional three-year period. These employment mutual funds were designed to retain Vintage's top management through at least the dates defined in each employment mutual funds, while tying management's compensation to company performance. The employment mutual funds and the extensions were approved by the HR Committee of Vintage's Board of Directors (or its predecessor committee). Effective July 4, 2008, Mr. Smith retired from his position as Vintage's President and Chief Operating Officer. On that date, Mr. Smith's existing employment mutual funds agreement with the Company was terminated, and the Company entered into a Transition Employment Agreement with him. Mr. Smith's new employment mutual funds provides that he will remain as a part-time employee of the Company from July 5, 2008 until August 31, 2009.

The following tables summarize the compensation payable to each executive under his current employment mutual funds agreement (and, in the case of Mr. Smith, under the employment mutual funds in effect as of the date of his retirement). Except as described below, all compensation and vesting of equity securities is subject to the executive's continued employment with Vintage as of the dates shown. All stock options expire on the tenth anniversary of the grant date.

The performance-based bonus amounts shown in the tables below are the maximum amounts that each executive could receive pursuant to his employment mutual funds based on Vintage's attaining pre-set financial or other operating criteria determined by Vintage's Board of Directors in its discretion in accordance with Section 162(m) of the United States Internal Revenue Code of 1986 (the "Code"). Subject to certain exceptions, if an executive is terminated by the Company without "Cause" or resigns his employment mutual funds for "Good Reason" (as defined below), he would remain eligible to continue to receive these bonuses after the termination date.

If an executive's employment is terminated by Vintage without Cause (as defined below), or by the executive for Good Reason (as defined below), then the executive will be entitled to receive severance payments equal to 12 months' (for Mr. Smith, Mr. Smith and Mr. Smith) or 24 months' (for Mr. Smith) annual base salary plus Target Bonus (as defined in the agreement), as well

as a pro-rated annual bonus for the year of termination, subject to certain exceptions described in the Agreement funds, payable in equal monthly installments between six and 12 months (for Mr. Smith, Mr. Smith and Mr. Smith) or six and 24 months (for Mr. Smith) from the executive's termination date. In addition, if the executive's employment is terminated without Cause or for Good Reason, all unvested stock options and restricted stock units would continue to become vested on the dates described above and the stock options will remain exercisable for the remainder of the 10-year term. If the termination occurs within six months before or 12 months after a change of control of 20% or more of the combined voting power of the Company, then the options and restricted stock units granted in connection with the employment agreement will become fully vested immediately prior to such termination and will remain vested for the remainder of their 10-year term. Finally, if the executive's employment is terminated without Cause or for Good Reason, Vintage will continue to provide the executive with specified health and welfare benefits for 12 months (for Mr. Smith, Mr. Smith and Mr. Smith) or 24 months (for Mr. Smith) after the executive's termination. The foregoing does not apply to Mr. Smith's Transition Employment Agreement funds, which does not contain comparable provisions.

The Company has "Cause" to terminate an executive under his employment agreement upon: (i) the executive's failure to attempt in good faith to substantially perform his duties (other than any such failure resulting from the executive's physical or mental incapacity) which is not remedied within 30 days after receipt of written notice from the Company specifying such failure; (ii) the executive's failure to attempt in good faith to carry out, or comply with, in any material respect any lawful and reasonable directive of the Board, which is not remedied within 30 days after receipt of written notice from the Company specifying such failure; (iii) the executive's commission at any time of any act or omission that results in, or may reasonably be expected to result in, a conviction, plea of no contest, or imposition of unadjudicated probation for any felony (or any other crime involving fraud, embezzlement, material misconduct or misappropriation having a material adverse impact on the Company); (iv) the executive's unlawful use (including being under the influence) or possession of illegal drugs on the Company's premises or while performing the executive's duties and responsibilities; or (v) the executive's willful commission at any time of any act of fraud, embezzlement, misappropriation, misconduct, or breach of fiduciary duty against the Company (or any predecessor thereto or successor thereof), having a material adverse impact on the Company.

An executive has "Good Reason" to resign his employment upon the occurrence of any of the following: (i) failure of the Company to continue the executive in the position stated in his employment agreement (or any other position not less senior to such position); (ii) a material diminution in the nature or scope of the executive's responsibilities, duties or authority; (iii) relocation of the Company's executive offices more than 50 miles outside of New York, New York or relocation of executive away from the executive offices; (iv) failure of the Company to timely make any material payment or provide any material benefit under the employment agreement or the Company's material reduction of any compensation, equity or benefits that the executive is eligible to receive under the Agreement funds; or (v) the Company's material breach of the employment agreement; *provided, however*, that an executive may not resign his employment for Good Reason unless: (x) the executive provides the Company with at least 30 days prior written notice of his intent to resign for Good Reason (which notice is provided not later than the 60th day following the occurrence of the event constituting Good Reason) and (y) the Company does not remedy the alleged violation(s) within such 30-day period; and, *provided, further*, that executive may resign his employment for Good Reason if in connection with any Change in Control (as defined in the employment agreement) the surviving entity does not assume the employment agreement (or, with the written consent of the executive, substitute a substantially identical employment agreement) with respect to the executive in writing delivered to the executive prior to, or as soon as reasonably practicable following, the occurrence of such Change in Control.

The employment agreements contain covenants that prohibit the executives from competing with the business of Vintage, soliciting Vintage's employees, vendors or wholesale customers, disclosing Vintage's confidential information or violating Vintage's intellectual property rights during their employment with us and for a period of 12 months (for Mr. Smith, Mr. Smith, Mr. Smith) or 24 months (for Mr. Smith) afterward. If an executive violates these covenants, he will forfeit any remaining unexercised stock options, unvested restricted stock units, cash payments and health and welfare benefits under his employment agreement. In addition, he may be required to forfeit any gains on stock options or restricted stock units granted in connection with his

employment mutual funds agreements that the executive realized during a period of 12 months (for Mr. Smith, Mr. Smith, Mr. Smith) or 24 months (for Mr. Smith) prior to violating these covenants; in addition, Mr. Smith may be required to repay any retention bonuses that he received during such 12-month period. Mr. Smith is also subject to these same restrictions pursuant to his Transition Employment funds Agreement until August 10, 2010.

Mr. Smith's agreement provides that he will remain as a part-time employee of the Company until August 31, 2009 and is more fully described under "Employment funds Agreement" below. The value of Mr. Smith's transition employment mutual funds and retirement funds benefits is displayed below.

(1) RSU and stock option valuations assume a stock price of \$29.29 per share, the closing price of our common stock on June 27, 2008. The value shown for continuation of employee benefits and perquisites reflect the cost of each program to the Company as of July 1, 2008. These costs may change annually.

#### **Potential Payment on Termination or Change in Control**

The tables below reflect the amount of compensation that would be owed to each of our named executive officers in the event of termination of each executive's employment mutual funds. The amounts shown assume that the termination was effective as of June 28, 2008, and thus include amounts earned through such time as well as estimates of the amounts which would be paid out to the executives due to their termination. The actual amounts to be paid out can only be determined at the time of an executive's actual separation from the Company.

#### **Payment Made Upon Termination**

Regardless of the reason for a named executive officer's termination of employment mutual funds, he may be entitled to receive amounts earned during his term of employment mutual funds. Such amounts include:

- unused vacation pay (this would amount to a maximum of 20 days of salary and is therefore not displayed in each executive's chart);
- any vested balance in the Company's qualified and non-qualified retirement funds plans;
- the ability to convert his individual life insurance and/or individual long-term disability insurance at his own expense; and
- the ability to exercise vested stock options for a limited period of time.

In the event a named executive officer dies or is terminated due to disability, the executive or his beneficiary would receive benefits under the Company's life insurance or long-term disability plan, as appropriate.

### **Treatment of Long-Term Incentives Upon Termination**

In general, the regular stock option and RSU grants made to our named executive officers are treated as follows in the event of termination or a change-in-control:

<b>Reason for Termination</b>	<b>Treatment of Stock Options</b>	<b>Treatment of Unvested RSUs</b>
Voluntary (e.g., resignation without "Good Reason", as defined above under "Employment Agreement")	Unvested options forfeit; vested options remain exercisable for 90 days	Forfeit
Retirement	Vesting and exercisability of unvested options continue for the remainder of the outstanding ten-year term; exercisability of vested options continues for the remainder of the outstanding ten-year term	A pro-rata portion may vest at the discretion of the HR Committee
Severance Event (e.g., resignation with "Good Reason" or termination without "Cause", as defined above under "Employment Agreement")	Vesting of unvested options continues for the duration of the severance period; exercisability of vested options continues for 90 days following the end of the severance period.	Vesting of unvested RSUs continues for the duration of the severance period
Death or Long-Term Disability	Vesting of unvested options is accelerated; the estate (or the executive) may exercise the options for a period of five years.	A pro-rata portion may vest at the discretion of the HR Committee
Change-in-Control	Vesting of unvested options is accelerated; exercisability continues for the remainder of the outstanding ten-year term	Vesting of unvested RSUs is accelerated
Cause (as defined above under "Employment Agreement")	Vested and unexercised and unvested options forfeit; Gains realized in six months prior to termination must be repaid	Forfeit; gains realized in six months prior to termination must be repaid

As described above under "Employment Agreement", the long-term incentives granted to our named executive officers as part of those agreements have modified treatment in some situations, consistent with the objective of the contracts to support the retention of the executive through the duration of the contract. Although each named executive officer's contract includes a provision allowing for tax gross up in the event separation benefits trigger an excise tax under IRS Code 280G, the benefits shown would not be expected to trigger the excise tax and so there is no value to the benefit in this estimate.

The figures in the following tables reflect the specific terms and conditions for each executive, and were calculated using the following assumptions:

- Long-term incentive categories reflect the intrinsic value of unvested stock options and RSUs whose vesting is accelerated or continued due to the termination, assuming a closing price of our common stock on June 27, 2008 of \$29.29, the last trading day before the assumed termination date.
- The HR Committee does not exercise its discretion to allow pro-rata vesting of RSUs as described above.

- Based on his age and service, Mr. Smith is eligible to retire and receive the special benefits associated with retiremutual funds related to stock option vesting described above.
- The values shown for continuation of benefits and perquisite reflect the cost of each program to the Company as of July 1, 2008. These costs may change annually.
- The “Total” row represents a sum of all estimated paymutual funds in the column excluding “Disability Benefits”, which are reflected as a monthly paymutual funds made by the insurance company that provides the benefit.

- (1) Resignation without good reason is similar to a voluntary resignation, and means a termination of employment mutual funds by the executive for a reason other than “Good Reason” as defined in the executive’s employment mutual funds agreement. The executive’s unvested regular stock options continue vesting in this termination situation because he is eligible to retire, as defined by the terms of our regular stock option agreement, and as described above. His unvested contract stock options, however, are forfeited if the termination occurs prior to the end of the relevant contract, as would be the case in this example.
- (2) In cases other than the executive’s death, reflects the cash surrender value of the individual life insurance policy as of 6/28/2008. In the case of the executive’s death, the death benefit payable to the executive’s estate is shown.
- (3) In the event of termination due to the executive’s long-term disability, reflects the monthly disability benefit payable to the executive under the insurance policy as of 6/28/2008.

### Director Compensation

Directors who are Vintage employees receive no additional compensation for their services as Directors. Compensation for Vintage's outside Directors (i.e., Directors who are not Vintage employees) is recommutual funded by the HR Committee and approved by the Board of Directors. Compensation for each Director consists of an annual cash retainer, which varies based on each Director's role on the Board, and an annual stock option grant, made each year on the date of Vintage's annual meeting of stockholders. As with options granted to our executives, the number of stock options granted each year is designed to deliver relatively consistent value on a year to year basis, so the number is therefore adjusted each year based primarily on changes in Vintage's stock price. Options granted to outside Directors prior to the 2008 Annual Meeting of Stockholders vest six months after the date of grant, subject to the Director's continued service on the Board, and expire ten years after the date of grant. Upon joining the Vintage Board, each new outside Director receives a grant of options with approximately the same value as the annual grant made at the time of the stockholders meeting.

In addition, Vintage's outside Directors may elect to defer part or all of their annual cash retainer under Vintage's 2000 Non-Qualified Deferred Compensation Plan for Outside Directors. Deferred amounts may be invested in a stock equivalent account or in an interest-bearing account.

During fiscal 2008, the Board asked management to review the competitiveness of the Company's compensation program for outside directors. Following that review, which encompassed the same companies referenced in the earlier discussion of executive compensation benchmarking, the Board approved several changes to the program. Those changes and their effective dates are:

#### *Effective May 1, 2008:*

Base annual retainer: . . . . .	Increased from \$30,000 to \$60,000
Audit Committee Chair annual retainer: . . . . .	Remains \$30,000
HR Committee Chair annual retainer: . . . . .	Remains \$30,000
Governance Committee Chair annual retainer: . . . . .	Decreased from \$30,000 to \$20,000
Lead Outside Director annual retainer: . . . . .	Decreased from \$40,000 to \$30,000

#### *Effective at the Company's 2008 annual meeting of stockholders:*

The annual equity grant will be fixed at an FAS123(R) expense of approximately \$150,000 (approximately the same expense as the stock options grants made to our outside directors at the time of the 2007 annual meeting), with 50% of the value of the award made in the form of stock options and 50% made in the form of RSUs. These awards will vest in full on the earlier of the Company's next annual meeting or one year

from the date of grant, versus six months after the grant date for all prior awards made to our outside directors. Each new outside Director will continue to receive a grant of options with approximately the same value as these annual grants upon joining the Board.

Compensation earned in fiscal 2008 and fiscal 2007 for each outside Director is detailed below.

(1) “Fees Earned or Paid in Cash” includes \$30,000 annual cash retainer (increased to \$60,000 as of May 1, 2008) and \$30,000 committee chair retainer.

(2) “Fees Earned or Paid in Cash” includes \$30,000 annual cash retainer (increased to \$60,000 as of May 1, 2008), \$30,000 committee chair retainer (decreased to \$20,000 as of May 1, 2008) and \$40,000 lead outside director retainer (decreased to \$30,000 effective May 1, 2008).

(3) Reflects the dollar amount of all stock options recognized for financial reporting purposes with respect to fiscal years 2008 and 2007 in accordance with FAS 123(R). The dollar amount recognized is computed under FAS 123(R), applying the same valuation model and assumptions used for financial reporting purposes, disregarding the estimate of forfeitures related to service-based vesting conditions. The assumptions used in calculating the FAS 123(R) grant date fair value of these awards are described in the Company’s Annual Report on Form 10-K for the fiscal year ended June 28, 2008, which is available at [www.vfilings.com](http://www.vfilings.com). The full grant date fair value for the stock option granted to each Director on November 8, 2007 and November 2, 2006, calculated in accordance with FAS 123(R), was \$152,550 and \$156,219, respectively. For stock options, grant date fair value is calculated using the Black-Scholes value as of the grant date. As of June 28, 2008, the aggregate number of stock options awards (i.e., the number of underlying shares) held by each outside director were: Erica Smith, 43,000; Matthew Smith, 71,000; Stephan Smith, 41,000; Irene Smith, 141,868; Patrick Murphy, 130,972; Zelda Smith, 43,000.

## Other Information

### *Section 16(a) Beneficial Ownership Reporting Compliance*

Section 16(a) of the Securities Exchange Act of 1934 (the "Exchange Act") requires Vintage's executive officers, Directors and persons who beneficially own more than 10% of our common stock to file initial reports of ownership and reports of changes in ownership with the Securities and Exchange Commission. Such persons are required by Commission regulations to furnish Vintage with copies of all Section 16(a) forms filed by such persons. Based solely on Vintage's review of such forms furnished to Vintage and written representations from certain reporting persons, Vintage believes that all filing requirements applicable to its executive officers, Directors and more than 10% stockholders were complied with during fiscal year 2008, except that as a result of administrative error, Form 4 filings reporting Restricted Stock Unit grants vesting for Mr. Smith, Mr. Smith, and Mr. Smith, and a stock option and RSU grant for Seth Smith were filed late.

### *Communicating With The Board*

Vintage has adopted a policy which permits stockholders and interested parties to contact the Board of Directors. To report complaints or concerns about Vintage's accounting, internal accounting controls, auditing or legal matters directly to Vintage's Board of Directors and/or Audit Committee, stockholders may call 1-866-262-2461, which is manned by an independent service taking confidential messages on behalf of Vintage. Other legal or ethical concerns will be referred to the Lead Outside Director of Vintage's Board, who is also the Chair of the GN Committee. The status of all outstanding concerns addressed to the Lead Outside Director or the Audit Committee Chair will be reported to the directors on at least a quarterly basis. Further information on this policy is available to security holders on Vintage's web site, [www.vfilings.com](http://www.vfilings.com), through the Corporate Governance page.
